

On Thursday, September 9, Congressman Luján will visit with the owners of Horses for Heroes just north of Santa Fe. Horses for Heroes is a therapeutic riding service that works with veterans, mostly from Operation Iraqi Freedom and Operation Enduring Freedom, to deal with PTSD, or other anxieties that they experience upon their return home.

This visit is another part of Congressman Luján commitment to work with members of the Armed Forces upon their return home. He will also host a forum on PTSD on September 8 in Rio Rancho.
